

Pepper Pay Protect

Your comprehensive solution to safeguard revenue, uphold business integrity, and **secure against chargebacks.**

Comprehensive Chargeback Defense

Pepper Pay Protect offers a robust suite of tools designed to prevent disputes before they escalate, significantly reducing chargebacks and protecting your hard-earned revenue.

Our Rapid Dispute Resolution (RDR) service enables automatic refunds based on your specific parameters, leading to immediate and substantial improvements in your merchant account performance.

Key Benefits

Revenue Protection - Enhance fraud detection and chargeback management to prevent illegitimate disputes without impacting sales or customer service.

Simplified Chargeback Management - Our dashboard notifies you of chargebacks via email or SMS. Receive insights on required documentation based on reason codes, and easily submit them through a drag-and-drop interface.

Our Service

Pepper Pay Protect has everything you need to prevent the preventable.

- Start seeing results in as little as 24 hours
- Prevent up to 50% of chargebacks
- Solve issues up to 5 weeks sooner
